OBJECTIVE

Motivated Computer Science undergraduate with strong foundations in Java, Data Structures and Algorithms, and backend development using Spring Boot. Passionate about building scalable applications and learning modern software development practices and solving real-world problems . Seeking an internship opportunity to apply programming skills, gain industry experience, and contribute to real-world projects.

EDUCATION

B.tech in computer science-RGUKT RK-Valley | CGPA:8.86 |Expected:2028
Pre-University Course(PUC)-RGUKT RK-Valley | CGPA:9.55 |Completed-2024
10 Class-Zilla Parishath High School |marks-567/600 |completed-2022

SKILLS

Programming: C, Java
Backend: Java, Spring Boot
Databases: MySQL
Tools: Git, GitHub, Postman, VS Code
Core Concepts: DSA, OOP, DBMS

PROJECTS

E-Commerce Web Application :

- Developed a full-stack e-commerce platform with product browsing, cart, and order management.
- Implemented RESTful APIs using Spring Boot for authentication, product management, and order processing.
- Built a responsive frontend with React including search, filter, wishlist, and shopping cart functionality.
- Designed MySQL database schema for users, products, orders, and payments.
- Integrated JWT-based authentication and role-based access for admin and users.
- Used Git for version control and Postman for API testing.

Smart Student Attendance System

- Developed a smart attendance management system to automate student attendance tracking.
- Implemented secure login for students and faculty with role-based access control.
- Designed APIs using Spring Boot to record, update, and retrieve attendance data.
- Built an interactive dashboard for teachers to view attendance reports and analytics.
- Stored and managed attendance records using MySQL database.
- Improved efficiency by digitizing manual attendance processes.

Coding Profiles :

- LeetCode: https://leetcode.com/Archana_kurikuti

Extra Activities

- Hackathons
